

# M.R-A. GROUP IN CITY

"A TIME TO CHOOSE" the programme of Mime, Music and Conviction, presented by the Moral Re-Armament mobile force from 14 different countries, was well received by the near capacity audience in the Cathedral Hall last Saturday. The production was unusual, if not unique, and the message of reconciliation in family life, and between men and nations, came over loud and clear.

Each performer was gifted in his or her own sphere, of momer, vocalist, instrumentalist or actor. The whole performance was well put together, and the music not only beautiful, but the message carried was made all the more meaningful by the obvious sincerity of the cast.

The Mayor of Gwelo, Alderman G. A. Sulter, in his welcoming address, applauded the work the group are doing in the present crisis in Southern Africa. He drew a parallel between Rhodesia of today and Israel in the days of Malachi and Hosea, and emphasised the point by quoting extracts from these two books in the Bible.

The group will be in the Midlands again from 1st to 3rd June, and would be pleased to meet any interested parties. If anyone would like to meet them, please phone 3936, Gwelo.

The cast, who work on a completely voluntary and unpaid basis, expressed their gratitude for the hospitality accorded to them in Gwelo.
