# "Pull Together Canada"

This unusual production is the Canadian counterpart of the Revue "You Can Defend America" which has had such remarkable success in cities across the United States. Similar productions have also played to packed houses through the bombed areas of Britain. It presents in sparkling song and story a simple and compelling patriotic programme.

Of the American Revue Major-Gen. F. B. Welby, Superintendent of the U.S. Military Academy, West Point, says, "I have been deeply impressed by this Patriotic Revue. Americans can render no greater service than to carry its spirit into every home and community . . . and give constant assurance to the men of the armed services that the Nation stands united in their support."

Lieut.-Gen. A. G. L. McNaughton on his return to Canada this month said, "The highest councils of the Empire have decided our part now is to help in the defence of the key citadel of freedom. Our task is to take the job we are given and do it properly."

"Pull Together Canada" was conceived, written and produced by members of the cast in a spirit of National Service and entirely by voluntary effort. The Ontario Victory Loan Committee wishes to express its sincere appreciation to the whole cast for donating their services. Thanks are also extended to the firms who have guaranteed the expenses of our Victory Loan Revues and whose names appear on the programme.

## ★YOU CAN FIGHT FOR CANADA

Ships and guns and planes we need,  
Our country to defend.  
But we must arm the hearts of men  
To win out in the end.  
Canada, the call rings out,  
"Fight to bring a new and glorious  
day."  
You and ev'ry mother's son  
Can start in right away.

Fighters ever we must be  
Armed for ev'ry foe  
We must build the kind of force  
That none can overthrow.  
Banish fear and greed and hate  
Every man and every family  
Under God we then can forge  
Our nation's unity.

### *Chorus:*

You can fight for Canada,  
You've got something to do.  
Clean up the nation from bottom to top,  
Start with yourself in the home and the shop!  
You can fight for Canada,  
Nobody will if you don't!  
So get going and give  
And we'll all learn to live,  
Then we'll fight for Canada.

## "LET'S GET TOGETHER"

### I.

Let's get together.  
Let's get together and see  
In a spirit of honesty whether  
We cannot agree.

Problems can vanish  
Misunderstandings can flee—  
When mistrust and self-interest we  
banish  
You'll find we agree.

Every family worth the name  
Will have problems 'till time shall  
cease.  
Honest apology, just the same  
Is the high road to honest peace.

Let's get together.  
Let's get together and see—  
In a spirit of caring and sharing  
You'll find we agree.

### II.

Let's get together.  
Let's get together and see  
In a spirit of honesty whether  
We cannot agree.

Problems can vanish  
Misunderstandings can flee—  
When mistrust and self-interest we  
banish  
You'll find we agree.

Ever since once in the Garden of  
Eden  
When Adam said Eve was to blame  
All down the centuries history  
shows  
Human nature is just the same.

THAT'S THE BOTTLENECK!

Let's get together.  
Let's get together and see  
In a neighborly spirit  
You'll find that we soon will agree.

## ★“THE ARM BEHIND THE ARMY”

The Empire calls through war's alarm	Now Canada holds freedom's lamp
Wherever you may be,	She calls her stalwart men
In bomber, dugout, factory, farm,	From home and hearth to ship and camp
Or in lunging ship at sea;	To the battle once again;
Each one must now be resolute,	And as they rally to her light,
Each has his job to do,	To do what she may ask,
And so our fighters we salute	Eleven million hearts unite
As we sing this song to you.	To support them in their task.

### *Chorus:*

Oh we're the Arm behind the Army  
We're eleven million strong,  
We're the force behind the Air Force  
All in one formation as we swing along;

Oh we're the “omph” behind the triumph,  
Of the Khaki and the Blue,  
We're a mighty team together,  
Jack Canuck will call the signals out for you!

Shout “Hip, Hip, Hurray”  
We're on our way,  
We're looking for you,  
In office, farm and factory,  
You can fight along too.

Oh we're the “V” behind the Navy,  
We're on deck to see it through,  
We're the Arm behind the Army,  
We're the breeze behind the red and white and blue.
