Minister to give all his time to M.R.A.

To the Editor of The Star

SIR—As a Dutch Reformed minister who has decided to give all my time to the work of Moral Rearmament, I wish to say that it is my firm conviction that M.R.A. is a force created by God to meet the need of the world today.

I have known Dr. Frank Buchman since he came to South Africa in 1929 and also many of the full-time workers all over the world. Their lives, committed as they are to absolute obedience to Jesus Christ, have been a constant challenge to me as a minister.

When I see young men and women with good prospects before them give up everything in the way of security and position in order to bring new life and new hope to a materialistic age, I realize that the message of the Cross is still the greatest force for remaking the world.

Let me quote what Dr. Frank Buchman himself said in New York on the eve of sailing for Europe immediately after the war:

"We are in a global effort to win the world to our Lord and Saviour, Jesus Christ. Then the great truths of the Gospel will once more become great and Jesus Christ will be King. There is your ideology. It is the whole message of the Gospel of our Lord and Saviour, Jesus Christ. The message in its entirety is the only last hope that will save the world. God's chance is a revolution under the Cross of Christ that can transform the world."

I would sincerely advise anybody who would like to know more about M.R.A. and its principles to read Dr. Frank Buchman's speeches, which are published in a book called "Remaking the World."
